MOTIF

Horsley Hills

Horsley Hills is a beautiful and scenic hill station in the state of Andhra Pradesh. Located at an altitude of 4,100 feet, Horsley Hills is about 144 kilometres from Tirupati and offers a wonderful escape. The road leading to the town is extremely scenic and panoramic, with Mahogany, Jacaranda, Sandalwood, Gulmohar and Eucalyptus trees lining the road in the form of a dense and verdant forest. The town is a paradise for adventure sports lovers, as they can experience the thrills of zorbing, rappelling, rock climbing and trekking. Horsley Hills is the perfect destination to commune with nature and lose oneself to the untouched natural beauty that Mother Nature has bestowed on this town.

FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village and Town and ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st.phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th. July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of Village Directory and PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly

added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i)-Status and Growth History of Towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of Smt Y.V Anuradha, IAS., Director of Census Operation, Andhra Pradesh. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

Preface

The District Census handbooks (DCHBs) is brought out in each decennial census since 1951 containing Village and Town Directory, Village & Town wise Primary Census Abstract (PCA) and data on “amenities” for each village and town in the district. The objective of publishing the DCHB is to place the data collected at census along with the data on amenities at Village and Town level, collected from Tahsildars/Municipal Commissioners. The amenities data is validated by comparing with secondary data obtained from Heads of the Departments. For example, information on schools was compared with data available with the Commissioner, School Education and information on post offices was compared with data obtained from the Chief Post Master General and so on. Validation of data in the above manner was by no means an easy exercise. Scores of officials had put in grueling efforts for months together.

Generally, the District Census Hand Book contains two parts i.e., Part A & Part B. Part A contains Village and Town Directory and Part-B contains data on Village and Town Primary Census Abstract along with Housing amenities. This time both Part-A and Part-B volumes will be published separately for each district.

The present volume deals with the Part-B of the DCHB and comprises broadly: History and scope of the DCHB, Brief History of the district, Administrative setup, District highlights, Important Statistics of the District, Brief note of Primary Census Abstract, Appendix to District Primary Census Abstract i.e., Urban block wise figures of Total, SC & ST Population, Rural PCA, Urban PCA, Housing Amenities etc., of 2011 Census of India.

The District Census Handbook is further enriched with a district and Sub-district (Mandal) maps depicting villages/towns with population size and also amenities such as educational Institutions, Hospitals, Telegraph and Telephone facilities, Banks etc.

I am grateful to the Chief Secretary, Principal Secretaries, Secretaries, District Collectors, Municipal Commissioners, Tahsildars and senior officials of the

Government of Andhra Pradesh for their co-operation and assistance throughout the Census Operations and in the process of collection of the Secondary data.

I am very privileged to be associated with the national task of Census of India 2011 in the capacity of Director of Census Operations, Andhra Pradesh, Hyderabad. I express my heartfelt gratitude to Dr. C. Chandramouli, IAS, Registrar General & Census Commissioner, India, for the inspiring guidance all along. I sincerely express my profound thanks to Dr. R.C. Sethi, ISS, Additional Registrar General, India, Dr. Deepak Rastogi, Deputy Director General, Shri. A.K. Singh, Deputy Registrar General (Census) for help, guidance and constant support accorded in all matters. Thanks are also due to Dr. A.P. Singh, Deputy Registrar General (Map) for his support and guidance in generating digital maps. I also acknowledge the continuous support of Dr. Prathibha Kumari, Assistant Registrar General (S.S) and other Officers of the Office of the Registrar General, India, New Delhi.

I sincerely express my gratitude to Shri M.S. Thapa, Additional Director (EDP) and his team for their technical guidance and also in generating various tables in bringing out this volume.

The credit for preparation of DCHB goes to a team of devoted officers and staff of this Directorate under the guidance of Shri. R.V.V. Durga Prasad, Joint Director along with the methodical direct supervision of Shri. S. Daya Sagar, Assistant Director for their active involvement and painstaking efforts in bringing out this publication. The names of individuals associated with this project are shown in 'Acknowledgements'. I am grateful to all of them.

I hope that the data users will find this publication very useful.

HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD Block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity'

manufactured in a village in addition to prescribed facilities of earlier censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.; (i) Status and Growth History of towns, (ii) Physical Aspects and Location of Towns, (iii) Civic and other Amenities, (iv) Medical Facilities, (v) Educational, Recreational & Cultural Facilities, (vi) Industry & Banking, and (vii) Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 census as presented in earlier census. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

Brief History of the District

Chittoor district forms part of the country originally known as Dravida. The earliest important settlers in Dravida appear to have been the Kurumbas, a fierce race so called on account of their cruelty. They are said at first to have had no ruler, but dissensions among themselves led them to choose a king named Komandu Kurumba Prabhu, the first king of the Pallava dynasty. He divided the country into 24 divisions or Kottams in each of which he built a fort. One of the forts was probably at Narayanavanam in Karvetinagar estate. The final downfall of the Kurumbas was effected by the Cholas about the 8th or 9th century. After the Chola kings had been forced southward, the eastern part of Telangana seems to have been in the possession of the Yadava dynasty, who also probably belonged to the Kurumba race. One of their capitals was at Narayanavanam, while Tirupati and Chandragiri were important places in their territories. Unconsumed inferences came into notice that about the 11th century, a dynasty of Ballal is said to have ruled over the Tamil country, Carnataka, Malbar and part of Telangana. The Vijayanagar dynasty appears to have first risen into power towards the end of the 13th century after the subversion of the Ballal monarchy through two Telangana princes named Bukkaraya and Harihararaya. They founded it by a divine inspiration with the assistance of the learned Madhava Vidyardanya Swamy who became their Prime Minister. The capital was situated on the banks of the Tungabhadra. The territories under the Vijayanagar rulers seem to be confined to the more immediate neighbourhood of their capital until the fifteenth century and it was in the reign of the 14th Raja Narasingaraya that they extended as far as the Carnatic. Narasingaraya is also said to have built or at least improved the forts of Vellore and Chandragiri, the former for his occasional residence and the latter as a place for the safe deposit of treasure. His son Krishnadevaraya further extended the territories and brought the whole of the Tamil country under his control.

The line of Bahmani kings who were the allies of Vijayanagar in its struggle with the Mohammedans was founded by some Mughal refugees from Gujarat who fled from the Deccan because of the cruelty and oppression of Mohammad Thuglak. After the death of Hasangangu, the Bahmani Kingdom gradually split up into five different Governments. The five Bahmani chiefs joined together in the middle of the 16th century to root out the Vijayanagar dynasty. Their armies joined and on January 23, 1565 fought one of the most eventful battles in the history of South India, that of Tallikota. The Vijayanagar Kingdom was routed at the time of Ramaraya and fell into pieces. Consequently the country fell into the hands of some members of the late Royal family and some of the principal officers of the

Government who continued to rule different territories under the titles of Zamindars and Poligars. A nearest relative of the deceased Rajah contrived to appropriate a fragment of the kingdom and after a short residence at Penukonda (Anantapur district) removed himself and his court to Chandragiri. An invitation was sent to Mr. Day, the Superintendent of the East India Company's factory at Armegaum to settle within his dominions which extended to the coast. The offer was accepted by the company and in 1640 a grant was made of a small strip of land on the coast, the first ever possessed by the British in India. To protect themselves against the danger of attack from the restless and turbulent princes of the neighbourhood, a fort was built and named Fort St. George after the traditional champion of England.

After the decomposition of the Bahmani Kingdom two more States namely, Ahmadnagar and Golconda had arisen and they were constantly at war with the Moghals besides being jealous of one another. Chandragiri was acquired by Golconda. One Malloji Bhonsle, a Captain of cavalry, purchased certain Jagirs at Poona and other places from the Sultan of Ahmadnagar at the beginning of the 17th century. His son Shahji found it convenient to offer his services to the Sultan of Bijapur whose star then appeared to be in the ascendant. Shahji was entrusted with the command of one of the several expeditions into the Carnatic and he was rewarded with the grant of valuable jagirs in the neighbourhood of Bangalore. His son Shivaji conceived the bold design of making an expedition into the South. He entered into an arrangement with the Sultan of Golconda by which the latter agreed to guard his northern possessions. In 1676 Shivaji entered the Carnatic by the Kallur Pass in this district. Meanwhile, the emperor Aurangzeb set out with an enormous army in 1686 and annihilated the monarchy of Bijapur. Before this expedition from Delhi, Shivaji had died and his son Shambaji was captured and put to death by the emperor. After garrisoning Gingee, the Moghals followed the Maharattas, to the north but eventually the emperor abandoned his designs and returned to Delhi where he died in 1707.

In 1713 Chinkilij Khan was made a Subahdar. This Subhadar of the Deccan had received from Aurangzeb the titles of Asaf Jah and Nizam-ul-Mulk or Regulator of the State. Within a year of his nomination the Nizam was removed from his appointment and Hussain Ali who had acquired great power in the Emperor's Court was sent to supplant him. The Maharattas, besides Daud Khan (The Governor of Gujarat) were induced by the emperor to harass the new Viceroy. Hussain Ali was obliged to purchase their goodwill and assigned to the Maharattas the right to collect "the fourth and

the tenth of the revenues of the six Subahs of the Deccan and of the tributary states of Tanjore, Mysore and Trichinopoly".

Subordinate to the Nizam was the province of Carnatic under a deputy or Nawab having the seat of his Government at Arcot. Dost Ali assumed the administration of the province after the death of Sadatullah. Even Dost Ali could not at last resist the fascinating idea of conquest. However, in 1740 he was called upon to defend himself against the aggression from the Maharattas under General Raghoji Bhonsle who had acquired great power in Berar. Dost Ali advanced to oppose the enemy who was trying to descend by the Kallur Pass, and fixed upon Damalcheruvu in Chandragiri taluk as a spot, where he could with success make a stand till reinforcements arrived in pursuance of an urgent message sent by him to his son Safdar Ali to hurry to his assistance. The Maharatta leader succeeded in corrupting one of the Hindu officers of the Nawab's army and passed to the rear of the defences in the darkness of night (perhaps by the Mangalpenta valley) to attack the Nawab in the rear. Raghoji consented to quit the Carnatic on payment of one year's revenue, a sum equivalent to a crore of rupees. The Maharatta army retired and Dost Ali's son assumed the title of Nawab. The affairs in the Carnatic remained unsatisfactory for quite sometime and the Nizam after a successful march with a large army on the southern capital confirmed the youthful Muhammad Ali as Nawab and appointed one Anwar-ud-din to be his guardian. After the sudden assassination of Muhammad Ali by a Pathan soldier, Anwar-ud-din was elevated to the vacant throne.

The contest between the French and the English almost ended with the defeat of the French at the battle of the Wandiwash in 1760. It left the French without a settlement in the Carnatic and completely destroyed their hopes of establishing an empire in the country. During this time, Tirupati had been the scene of several struggles for the possession of the very considerable income derived from the offerings made at its celebrated shrine. The Nawabs of Carnatic had yearly received nearly Rs. 2 lakhs from the place and lately this valuable source of income had been assigned to the English in consideration of the assistance rendered by them in establishing the Nawabs' power in the Carnatic. In 1753, the temple had been menaced by the freebooter Mohd. Kamal from Nellore. A brother of the Nawab named Nazeebullah had rebelled against the authority of Mohd. Ali and invested the Nawab's fort of Salava probably Akasarajukota near Narayanavanam. in August, 1757. To prevent Nazeebullah from acquiring Tirupati, a detachment was sent from Madras, which occupied the town below the sacred hills. Having been frustrated thus, Nazeebullah displayed his resentment by stopping and turning back as many pilgrims as he met during the Brahmotsavam so that the income of the temple for that year was

seriously diminished. In 1758, a danger again threatened the holy place from another brother of the Nawab named Abdul Wahab. When Bussy returned from Hyderabad to effect a junction with Laly before his advance against Madras, he halted at Tirupati and seizing the person of the Company's rentier, intimidated him into resigning to him the revenues of the temple. Nazeebullah from Nellore and Abdul Wahab from Chandragiri joined him here and accompanied his army to the South. Abdul Wahab had only allied himself with the French under the impression that he would obtain the grant of Tirupati revenues. He was, however, disappointed in this expectation and once more took up his residence in the fort of Chandragiri.

In 1759, the Maharattas under Gopal Rao marched to Tirupati, ascended the hill and took possession of the Pagoda in March with a hope to realise the income during the festival period. Meanwhile Balaji Rao recalled the main portion of his force. The small detachment which was left under the control of Narayana Sastry was dispossessed by Abdul Wahab from Chandragiri. Abdul Wahab reported his success to the Madras Government and requested that he might be allowed to farm the revenues. His prayer was rejected and the existing rentier was confirmed. Soon afterwards, Narayana Sastry with the assistance of the Poligar of Karakambadi on the east of the Tirupati range again ascended the hills in July of the same year and re-occupied the Pagoda. The English forces tried to dislodge the Maharatta troops but in vain as it was discovered that 80 out of the whole number of about 300 were privileged to ascend the hill which was only accessible to caste Hindus. Major Calliaud who commanded the English forces later attacked the stronghold of Karakambadi, without venturing a second attempt upon the temple. The Poligar was killed and the Maharattas and their allies were discouraged thereby and Narayana Sastry retreated with his remaining force while the rentier was reinstated with a small body of English troops to protect him.

Mohd. Ali established himself as the Nawab of the Carnatic without a rival almost wholly by the exertions of his English allies. The Madras Government demanded from the Nawab a contribution of 50 lakhs of rupees to recoup themselves for the heavy expenses which they had incurred. They demanded that the revenues of certain districts should be assigned to them and devoted to clearing off the balance standing in the Company's accounts. The Nawab necessarily consented and assigned districts yielding annually about 16 lakhs of rupees. The necessary sanad was signed on October 16th, 1763.

In 1758, the Nizam had temporarily ceded the districts of northern circars but had frequently refused to grant them permanently. By the treaty of November 12th, 1766, "the Madras authorities agreed to hold the northern

circars, which had been conferred upon them by the paramount power of India as a tributary tenure under the Nizam". The Nizam was furnished with "two battalions of infantry and two guns to settle, in every thing that was right and proper, the affairs of His Highness, Government well knowing that the first requisition for the troops would be to assist in attacking Hyder Ali, who had wrongly usurped the Mysore throne and against whom a confederacy had been formed of the Maharattas and the Nizam". By a fresh treaty with the Nizam in 1768, the English consented to hold the northern circars under the Nizam and engaged to conquer the Carnatic Balaghat and to hold it subject to the payment of tribute to the Nizam and 'chout' to the Maharattas. The English contingent was now to assist the Hyderabad army whenever the Nizam required such assistance. Under this agreement, Col. Campbell with the advanced body of the army, ascended the ghat and occupied the fort of Venkatagirikota. From there, a detachment was sent back to open up the Nayakkaneri ghat and to reduce Paddanaididrug. Col. Smith followed with the main army and achieved brilliant success.

When Hyder Ali came to know of the plans of the English to seize Mahe upon the West Coast from the French he announced to the English Government that any attack upon the place would result in his invading their territories in the Carnatic. In spite of this threat, Mahe was reduced and Hyder resolved on invading the Carnatic. The Maharattas also, dissatisfied with their treatment by the English, suggested that the Mysore army should co-operate with them against the common foe and extensive preparations followed forthwith at Seringapatam (Srirangapatnam). After receiving a message on June 18th, 1780 from the Officer-Commanding at Vellore that an enormous army had left Seringapatam and on the following day that the enemy had descended the ghats at Chengam and were actually within the Carnatic, orders were sent to Guntur directing Col. Baille to hasten southwards by way of Kalahasti and Tirupati. The Colonel fortunately perceived the danger of such a route and returned by a course near to the sea coast. Without waiting for the arrival of the detachment from Guntur, the Commander-in-Chief, Sir Hector Munro advanced from St. Thomas Mount to Chingleput with the intention of raising the siege of Arcot. On the other side, Tippoo was deputed to intersect the detachment. Instead of advancing to unite with Col. Baille, Sir Hector Munro separated his army by sending a detachment to join him. The European soldiers, though they had sustained thirteen attacks and were reduced to 300, still called out to be led against their assailants, but Baille refused to sacrifice the lives of these brave men and held out a flag of truce". Sir Hector Munro on learning the result of the action threw the heavier of his guns into the big tank at Conjeevaram and retreated upon Madras. Sir Eyre Coote, accepting the invitation of Warren Hastings, the then Governor-General, arrived in Madras

on November 5th, 1780. By the time Sir Eyre Coote was able to move in January, 1781 Ambur had capitulated and Hyder was occupied in the sieges of Vellore and Wandiwash. It was resolved that European officers should be deputed to take charge of all posts of importance and Lt. Flint was selected for the fort of Wandiwash. On August 10th, 1780 he had left Karunguli with 100 Sepoys and arrived at Wandiwash after pursuing unfrequented paths and eluding the cavalry of Hyder on the afternoon of the 11th. He was warned by the Messengers from the Khilladar that any advance on the part of his troops would draw upon them the fire of the fort. Despite this warning, he continued his advance and ordered his escort of four sepoy to stand with bayonets pointed at the Governor's breast. The guards were powerless from astonishment and before they regained their self-possession, the rest of Flint's company had reached the spot.

Soon after the raising of the siege of Wandiwash, Coote had earnestly hoped to achieve the relief of Vellore and to undertake the siege of Arcot. The followers of the two Zamindars of Karvetinagar and Kalahasti had joined the invaders while the lancers of Venkatagiri served with the British army. Sir Eyre Coote, marched to Tiruttani and reduced the small fort of Polur in that neighbourhood. At the same time, Hyder was at Sholinghur strengthening a position to obstruct any attempted advance towards Vellore. On September 26th, the English army marched 11 Kms. in the direction of the enemy. Hyder's forces were met and as they advanced with volleys of fire from Coote's artillery, the whole Mysore army was soon in rapid retreat leaving but one gun for the English to capture. After provisioning Vellore on November, 3rd, Coote advanced to Chittoor and reduced its little fort, deemed important as it was reported to be a depot for provision. It was, however, found after its capture that its importance as a depot was false.

By a fresh treaty signed on July 12th, 1792, the British Government engaged to keep up a military establishment, towards maintenance of which the Nawab of Carnatic was to pay Rs.9 lakhs annually; while in the event of war it was stipulated that the whole country should be assumed; 1/5th of its revenues being paid to the Nawab. Further, it was agreed that the Company should collect the Peshkash of the Chief Poligars in the Carnatic and place the amount realised to the credit of the Nawab. Thus, the Zamindars of Kalahasti and Karvetinagar came under British management almost at the same time that Kangundi was acquired. The Nawab consented that in the event of his failing to pay in monthly installments the contribution due over and above the Poligars' peshkash, certain districts should be assigned.

According to the treaty executed on the division of ceded districts in 1792, the Nizam and the Peshwa had bound themselves to furnish Troops should

a fresh war be provoked by their common enemy. In 1799 (4th Mysore war). both the Nizam and the Peshwa were directed to fulfill their obligations under the treaty. The Nizam readily acceded to the demand while the Maharattas refused to co-operate. However, on May 4th, 1799 an attack was made in Seringapatam under the command of General Harris and Tippoo was slain while the young princes were taken as prisoners. The districts assumed were shared between the Nizam and the Company. Of the Company's acquisitions, the Zamindari of Punganur and the taluk of Venkatagiri kota (now Palmaner). lie in Chittoor district.

Umdat-ul-Umara, son of Mohammad Ali, contrary to the terms of the treaty of 1792 assigned to his creditors the revenues of large portions of Carnatic and these unscrupulous creditors ground down the ryots forcing them to pay higher assessments. The Government earnestly desired to remedy the evil but Lord Wellesly accepted the Nawab's most solemn assurances that he would contribute 3 crores of rupees and left him in possession of the country. But this promise was not kept up by the Nawab and added to this it was discovered by the Government that Umdat-ul-Umara and his father had been carrying on a clandestine intrigue with the Government of Mysore which resulted in the Company taking over the Carnatic. On 31st July, 1801, Azim-ul-Umara, a brother of Umdat-ul-Umara handed over the whole of his authority over the Carnatic and accepted a stipendiary allowance of 1/5th of its estimated revenue for the support of himself and his family. This was the last step by which various portions of the territory now comprising part of Chittoor district were acquired.

There were 10 Poligars in the territory now forming a large portion of Chittoor district who were paying tribute to the Government viz., Banagari, Thumba, Naraganti, Pullur, Gudipati, Mogarala, Pakala, Yedaragunta, Pulicherla and Kallur. They appear to have been appointed by the Vijayanagar Rajahs to superintend the police arrangements in the territory. In consideration of the services thus rendered, they were granted a few villages at a favourable rent and authorised to collect fees (Kavali) from the villages within the ranges. After the battle of Tallikota, this institution failed to function properly and these poligars aimed at independence and discontinued the payment of quit rent on those they had hitherto held as Inam. About the year 1802, Mr. Stratton, the Collector of North Arcot raised their tributes to sums which he considered adequate to their resources and assumed the management of the police throughout his district and deprived the poligars of their right to collect kavali fees. These poligars declined to pay the enhanced peshkash, fell into arrears and began to indulge in their old habits of plunder and rapine. The Madras Government directed Mr. Cockburn, the successor to Mr. Stratton to resume the whole of the lands

and 'russoms' (customary fees) of the refractory poligar of Naraganti and ordered on July 6th, 1804 that a battalion should at once march to Chittoor to enforce the order. On July 31st, Mr. Cockburn desired Col. Daryl to take measures for the assumption of the palayams of Kallur, Pulicherla, Bangari, Yedaragunta, Pullur and Thumba as the proprietors of these estates had not acceded to the terms of settlement proposed to them. The Poligars with the help of other insurgents pillaged villages and some of the Mogarala and Pakala men who were so daring in these operations that it was found necessary to protect both lower and upper Tirupati with strong force of sepoys. On September 22nd, 1804 the Government appointed a commission to settle the affairs by peaceful measures. The three members of the Commission reached Chittoor on October 6th and directed that all measures which might affect the poligars should be suspended. The troops were withdrawn from the palayams. The faithful poligar of Gudipati was the first to attend the Commissioners and was followed by Naraganti, Pullur, Yedaragunta, Kallur and lastly on October 24th by Thumba. They were called upon to sign an agreement binding themselves to the following terms viz., 1) they should disband the peons within one month; 2) should erect no new fortifications and should destroy such as remained; 3) should assist in opening up the jungles in constructing the roads; 4) should pay their arrears in full by December 15th or assign the whole of their palayams to the Government until the amounts due by them had been realised; 5) should agree to a survey of their estates and the settlement of a peshkash of 2/5ths of the value estimate by such survey and 6) should in future lead orderly lives and obey the orders of the Government in all things. As some of the poligars did not respond to these attempts at conciliation, the Government deemed it expedient to resort to more active measures and a detachment was ordered to assemble at Chittoor under the command of Lt. Col. Money penny, some of the poligars accepted the terms offered by Lt. Col. Money penny and a few others surrendered to Col. Munro in the coded districts after vain attempts to resist. The poligar of Yedaragunta, the most daring and desperate among the insurgents was defeated by Captain Little and was captured and hanged. Finally on February 8th, 1805, the Collector was able to report to the Government that the Chittoor palayams had at length been reduced to perfect quiet. The Pakala, Mogarala, Pullur and Yedaragunta palayams were declared forfeited and the three surviving chiefs ordered to reside in Madras. The others were granted an allowance of 18% upon the revenues of their estates until such time as Government should restore them upon permanent sanads.

The Vellore Mutiny of 1806 which was the only other major historical event in the 19th Century in North Arcot was confined to Vellore and its immediate neighbourhood and did not have any repercussions on the

peaceful conditions in the areas now constituting Chittoor district. The political history of Chittoor district remained uneventful till the commencement of the national struggle for Independence when this district along with the rest of the nation joined hands in the freedom movement.

This district has its share in contributing some of the notable personalities to the political history of the country both in the past and present generations. Panappakam Ananthacharyulu, Panuganti Ramarayanam known as Rajah of Panagal, Bollini Muniswami Naidu and Kattamanchi Ramalingareddy are some of the more important personalities of the past generation.

Panappakam Ananthacharyulu was born in 1843 in a humble family in Kadamanchi village. After passing Bachelor of Law examination in 1869 he joined the Madras High Court Bar where he soon attained eminence. He entered into politics in 1880 and became the Secretary of the Madras Natives Association which was replaced by the Madras Mahajana Sabha in 1884. He took keen interest in the National Movement in those days. He participated in the All India National Conference held at Bombay in 1885. He founded the Madras Advocates' Association in 1889. He was elected the President of the Congress during the session held at Nagpur in 1891 and was the first Andhra and South Indian too, to have such high honour. He became a Member of the Congress Working Committee in the same year and got elected as Secretary in the next year at the Allahabad Congress. In 1895 he was elected as a representative of Madras State in the Indian Constituent Assembly and continued in the same capacity for a period of 8 years and resigned in 1903. He was a good writer, editor and printer.

Panuganti Ramarayanam known as Rajah of Panagal was born in 1886 and had his education at Madras. He evinced great interest in politics even from his student days. He entered politics in 1912 and was elected to the Imperial Legislative Council in the same year. In the year 1917 when the Justice Party was formed under Sir Pitti Thyagaraya Chetty, he joined that party and was elected its President. When the Justice Party formed the Ministry in the Composite Madras State in 1920, the Rajah of Panagal was appointed as one of the Ministers. A few months after the formation of the Ministry, Diwan Bahadur Subbarayalu Reddiar, the Chief Minister died and the Rajah of Panagal became the Chief Minister of Madras in his place and continued as such till 1926. He was also knighted in 1926.

Bollini Muniswamy Naidu born in 1891 was one of the Andhra Chief Ministers of the Composite Madras State under the banner of the Justice Party. After getting the Bachelor of Law degree, Muniswamy Naidu started legal profession in 1908 and took active part in politics. He worked as

Chairman of the Chittoor Municipal Council and later as President of the District Board. He was a member of the Madras Legislative Council from 1919 to 1934. He became the Chief Minister of Madras in 1930 which post he held till 1934.

Kattamanchi Ramalinga Reddy born in Kattamanchi village in Chittoor District in the year 1880 got his early education at Chittoor and Madras. After graduation in 1901 he pursued his higher education at Cambridge. He worked as Vice Principal of Baroda college for some time and then entered the Mysore State Service. In Mysore, he worked as Assistant Inspector General of Education, Professor for some time and later as Principal of the Maharaja's college, Mysore and lastly as the Inspector General of Education. In 1920 he joined the Justice Party. In 1926 when the Andhra University was established, he was appointed as its first Vice-Chancellor. He resigned this post in 1930. He got elected to the Madras Legislative Council in 1935. He joined the Congress Party in 1936 and left it after a short period. He was re-appointed as Vice-Chancellor of Andhra University in 1936 and held the post till his death in 1951. He was a great scholar and a good orator.

Among some of the important personalities of the present generation hailing from this district mention may be made of Dr. Sarvepally Radha Krishnan, who had the good fortune of becoming the first Vice-President and second President of the Republic of India. His ancestral home is Tiruttani which formed part of Chittoor district till 1961 and now is in Tamilnadu State. Late Sri M. Ananthasayana Ayyangar, worked as Dy.Speaker and Speaker of Lok Sabha and also as Governor of Bihar. Late Sri R. B. Ramakrishna Raju, worked as Chairman of Madras Legislative Council while Sri P. Thimma Reddy served the state for several years as Minister and as President of Andhra Pradesh Congress Committee for some time also hails from this district.

Quite a few renowned personalities as Annie Besant, James Cousins, the noted philosopher J. Krishnamurthy are associated with the Theosophical Institution at Madanapalle in this district.

Administrative set-up

(a) Region of the State where the district is located:

The district is in the Southern most part of State so also Rayalaseema Region. The district is bounded on the North by Ananthapur and Kadapa districts, East [part] by Nellore district, East [part] & South Tamilnadu State and West by Kolar district of Karnataka State.

(b) Number of Revenue Divisions and Mandals:

In 1985, the then existing 15 Taluks were reorganized into 66 Mandals corresponding to the revenue Mandals, Mandal Parishads were also formed, which were co-terminus with the revenue Mandals in all cases, except statutory town. The revenue villages of Tirupathi rural and urban Mandals were grouped in one Mandal Parishad and named Tirupathi Mandal Parishad. Further, name of Kammapalle Mandal was changed as Ramachandrapuram. All the 66 Mandals are organized into three revenue divisions in the district. The distribution of Mandals is given below:

1. Chittoor Division: (20 Mandals) Vijayapuram, Nindra, Narayanavanam, Vadamalapeta, Ramachandrapuram, Vedurukuppam, Puttur, Nagari, Karvetinagar, Srirangarajapuram, Palasamudram, Gangadhara Nellore, Penumuru, Puthalapattu, Irala, Thavanampalle, Chittoor, Gudipala, Yadamarri and Bangarupalem.

2. Tirupati Division: (15 Mandals) Tirupati (Urban), Renigunta, Yerpedu, Srikalahasti, Thottambedu, Buchinaidu Khandriga, Varadaiahpalem, Satyavedu, Nagalapuram, Pichatur, K.V.B. Puram, Tirupati (Rural), Chandragiri, Pulicherla H/O Reddivariapalle and Pakala.

3. Madanapalle Division: (31 Mandals) Peddamandyam, Thamballapalle, Mulakalacheruvu, Pedda Thippasamudram, B.Kothakota, Kurabalakota, Gurramkonda, Kalakada, Kambhamvaripalle, Rompicherla, Yerravaripalem, Chinnagottigallu, Pileru, Kalikiri, Valmikipuram, Nimmanapalle, Madanapalle, Ramasamudram, Punganur, Chowdepalle, Somala, Sodam, Palamaner, Gangavaram, Peddapanjani, Baireddipalle, Venkatagirikota, Ramakuppam, Santhipuram H/O Arimuthanapalle, Gudupalle and Kuppam.

(c) Total number of Towns/villages:

As per 1991 Census there were 1,541 villages in the district, of which 1,521 were rural villages and 20 villages were included in towns. There were seven statutory towns and six Census towns during 1991 Census. While comparing the list of villages at 2001 Census with 1991 Census, 1,518 villages fell under rural areas and 23 villages were fully included in towns. Thus, total villages

accounted 1,518 villages at 2001 Census, which shows decrease of three villages in rural areas in the district, seven villages attain urban status and formed as four new Census towns i.e., Tiruchanur, Akkarampalle, Narayanavanam and Ekambarakuppam, while three villages formed as fully O.Gs., i.e., Settipalle, Thimmanaidupalle and Avilala. At the same time three villages Pakala, Palamaner, Nagamangala attained rural status, due to de-classification of Pakala and Palamaner Census towns. A village viz. Salvapatteda was separated from Nagari town and attained rural status. Thus, during 2001 Census the district had 10 Census towns and five statutory towns carved with 23 revenue villages.

Tirupathi U.A continued since 1991 & Madanapalle U.A since 2001 Census.

However, during 2011 the Southern district has three revenue divisions with 66 Mandals. There are 1,493 villages (38 un-inhabited and 1,455 habited) and 22 towns (8 statutory towns & 14 Census towns) respectively.

(d) Changes in Administrative Units during 2011 Census:

During 2011 Census, six villages namely, Cherlopalle, Perur, Mangalam, Pileru, Mangasamudram and Murakambattu are upgraded as six new Census towns and one village Avilala, which was earlier OG is now classified as one more new Census town, thereby seven new CTs, six villages viz: Ankisettipalle, Chippili, Papireddipalle, Pamaiahgaripalle, Venkappakota and Doddipalle are classified into fully out growths. Thirteen villages are included into three Municipalities viz: seven villages in Nagiri (M), four villages in Puttur (M) and two villages in Palamaner (M). Nagiri CT is now upgraded as Nagari Municipality. Ekambarakuppam CT is included in Nagari (M), while Puttur CT is upgraded as Puttur (M). Chittoor and Palamaner are the two new Urban Agglomerations during this Census.

However, there are 1,493 villages in 2011 Census of which (38 un-inhabited and 1,455 habited), 66 Mandals ,three revenue divisions, 22 towns (8 statutory [1 M. Corp & 7 Municipalities] & 14 Census towns and four Urban Agglomerations.

District Highlights - 2011 Census

- Chittoor district stands 8th position in terms of area with 15,151 Sq.Km., and ranks 6th in terms of population with 41,74,064 person in this State.
- Chittoor stands 12th in terms of urban area with 318.62 Sq.Kms., and ranks 7th in terms of urban population with 12,31,386 while it stands 8th in terms of rural area with 14,832.38 Sq.Kms., and ranks 5th in terms of rural population with 29,42,678 person in the State.
- The district ranks 7th in terms of households with 10,39,953 as against 8,48,607 households in 2001.
- The district ranks 6th in terms of total number of villages with 1,493 as against 1,518 in 2001.
- The district ranks 11th position in terms of sex-ratio with 997 as against 982 in 2001.
- The district ranks 13th in terms of density with 275 person per Sq.Kms., as against 247 in 2001.
- The district ranks 6th in terms of literates with 26,67,878 as against 21,76,990 in 2001.
- The district is having 19,33,357 workers and 22,40,707 non-workers as against 17,52,979 workers and 19,92,896 non-workers during 2001.

Mandal (Sub-District):

- Srikalahasti mandal is having the largest area of 433.51 Sq.Kms., while Narayanavanam mandal is having the least area of 53.03 Sq.Kms.
- Tirupati (U) Mandal is having the largest urban area of 74.21 Sq.kms., while Narayanavanam Mandal is having the least urban area of 1.68 Sq.km.
- Kuppam Mandal is having the largest rural area of 426.86 Sq.km while Tirupati (U) is having the least rural area of 1.91 Sq.km.
- Tirupati (U) Mandal is having the highest population of 4,07,232 person, least population of 23,657 is found in Palasamudram Mandal.
- Highest urban population of 4,02,667 persons is found in Tirupati (U) Mandal, while the least urban population of 2,585 is found in Gangavaram Mandal.
- Highest rural population of 98,516 is found in Kuppam Mandal, while the least rural population of 4,565 is found in Tirupati (U) Mandal.

- Highest sex-ratio of 1,038 is found in Satyavedu Mandal and the least sex ratio of 951 is found in Ramakuppam Mandal.
- Tirupati (U) Mandal is having the highest density of 5,350 while Thamballapalle Mandal is having the least density of 142 persons per Sq.kms.
- Highest number of 3,14,249 literates are in Tirupati (U) Mandal and least number of 15,511 literates are found in Palasamudram Mandal.
- Tirupati (U) Mandal is having the highest number of 1,37,585 workers and 2,69,647 non-workers while Palasamudram Mandal is having the least number of 12,292 workers and 11,365 non-workers.

Village:

- Kangundi village of Kuppam Mandal is having the largest area of 20,872 hectares, while Anupalle of Chittoor Mandal is having the least area of two hectares.
- B.Kothakota village of B.Kothakota Mandal is having the highest number of households of 6,250 highest population of 26,191, highest 0-6 years of population of 2,791 while the least number of households 1 of Chintagunda village of Chandragiri Mandal, and least of one (1) person is found in Dondirallapalle village of Baireddipalle Mandal and least of one (1) person of 0-6 years is found in Udayamanikkyam Agraharam village of Yerravaripalem Mandal.
- Highest sex-ratio of one (1) Male and 3 Females is found in Nagamma Agraharam village of Pakkala Mandal and the least sex-ratio of 174 is found in Thimmasamudram village of Ramakuppam Mandal.
- Largest numbers of 16,402 literates are found in B.Kothakota village of B.Kothakota Mandal and least number of one is found in Dondirallapalle village of Baireddipalle Mandal, while largest numbers of 9,789 illiterates are found in B.Kothakota village of B.Kothakota Mandal and least no.of two illiterates are found Chintagunta village of Chandragiri Mandal.
- B.Kothakota village of B.Kothakota Mandal is having the highest workers of 11,247 and Dondirallapalle village of Baireddipalle Mandal is having the least workers of one, while B.Kothakota village of B.Kothakota Mandal tops with 14,944 non-workers and Chintagunta village of Chandragiri Mandal has the least no. of non workers of one person respectively.

Section - I

Primary Census Abstract (PCA)

Brief Note on Primary Census Abstract

Introduction:

The Indian Census has the reputation of being one of the best in the world. The first Census in India was conducted in the year 1872. This was conducted at different points of time in different parts of the country. In 1881 a Census was taken for the entire country simultaneously. Since then, Census has been conducted every ten years, without a break. Thus, the Census of India 2011 was the fifteenth in this unbroken series since 1872, the seventh after independence and the second census of the third millennium and twenty first century. The census has been uninterruptedly continued despite of several adversities like wars, epidemics, natural calamities, political unrest, etc.

The Census of India is conducted under the provisions of the Census Act 1948 and the Census Rules, 1990. In Censuses until 1931, a synchronous de-facto method was adopted wherein the Census was conducted throughout the country on a single night. This being a very costly affair and involved the deployment of very large force at one point of time was given up in 1941. Since then the same methodology has been followed in all the Censuses. It is a gigantic operation and considered to be the single largest, complex, peace time administrative exercise in the world.

The Census Operation in India is carried out in two distinct but inter connected phases - the House listing and Housing Census followed by the Population Enumeration. During the first phase of Census 2011 i.e., House listing and Housing Census, the buildings, census houses and households were identified and systematically listed in the House Listing and Housing Census Schedule during the period April to September, 2010 in different States/Union Territories. Apart from listing of houses, some useful data on the amenities available to the households was also collected for assessing condition of human settlements, housing deficits etc.

Censuses prior to Census 2001 had the system of collecting the information through Individual Slip which was a key schedule for every individual. The information collected through slip was then compiled for a household. Some information was also collected in addition to this for the household. During 2001 Census a comprehensive Household Schedule was adopted replacing the individual slip concept. In 2011 Census also similar household schedule was used for canvassing. The scope of demographic, socio-economic parameters has been widened in every census.

2. Population Enumeration - Census 2011:

The field work of the second phase i.e. Population Enumeration was carried out during February-March, 2011. One of the essential features of Population Enumeration in the second phase was that each person was enumerated and her/his individual particulars were collected at a well-defined point of time.

The Census moment and the reference date for the Census of India 2011 was 00:00 hours of 1st March, 2011. The enumeration was conducted from 9th February to 28th February, 2011 along with a revisional round from 1st March, 2011 to 5th March,

2011 synchronously all over the country except for few specific areas of the Jammu & Kashmir, Himachal Pradesh and Uttarakhand states that remain snowbound in February. In these locations the population enumeration was done from 11th September, 2010 to 30th September, 2010 along with a revisional round from 1st October, 2010 to 5th October, 2010. The reference date for the census in snow bound non-synchronous areas of these states was 00.00 hours of the first day of October, 2010. In addition to the coverage during House listing & Housing Census, the enumeration of the Houseless population was carried out on the night of 28th February, 2011, as has been the usual practice. For the purpose of Census, certain areas where the access of the civilian enumerators was not permissible due to security reasons termed as 'Special Charges' such as the Defence and strictly Military/Para-Military areas, including operational areas were also covered. Such areas were not covered during the House listing & Housing Census. In addition to the defence/para-military areas, Special Charges also included certain factory areas, certain colonies, sensitive areas, scientific establishments, etc. These also formed Special Charges as these were not accessible by the usual census enumerator.

3. Quality Assurance:

A Task Force for Quality Assurance (TFQA) functioned under the chairmanship of the RG & CCI. Experienced officers of the different divisions of the organization i.e. Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division comprised the TFQA. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The main objective of constituting the TFQA was to subject the data to stringent validation checks and ensure its quality before release as it was expedient to be satisfied itself about the quality of data before putting the same in public domain.

The Directors and their senior officers were involved at all levels with respect to the quality and the coverage of their states/Uts. The TFQA intensively scrutinized coverage and content parameters including edit and imputation logic. The most important aspect of the data quality was to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, especially for small area population statistics. The content was scrutinized mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception was looked at to understand both the existing and the new emerging trends of population distribution and characteristics. A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2011 Population Enumeration results and finally clear them for use. The population data was cleared only after the full possible satisfaction of the TFQA.

The entire work relating to the data validation and scrutiny was completed by all the States/Union territories under the overall supervision and monitoring of the

Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

4. Primary Census Abstract:

The Primary Census Abstract which is important publication of 2011 Census gives basic information on Area, Total Number of Households, Total Population, Scheduled Castes, Scheduled Tribes Population, Population in the age group 0-6, Literates, Main Workers and Marginal Workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and also Non-Workers. The characteristics of the Total Population include Scheduled Castes, Scheduled Tribes, Institutional and Houseless Population and are presented by sex and rural-urban residence.

In 1981 census main workers were presented into four categories. As regards 1991 Census, the nine-fold industrial classification of main workers has been given in the Primary Census Abstract. One of the important features of the Primary Census Abstract of 1991 Census was the presentation of population of the age group 0-6 which is continued in 2001 and 2011 Census. All the children of age 6 years or less have been treated as illiterate even if the child is going to a school and may have picked up reading and writing. This will help the data users in better analysis and understanding of the literacy data as the literacy rate is calculated with 7 years and above population and it is referred as effective literacy rate. In 2001 and 2011 census four categories of main workers have been given in the Primary Census Abstract.

5. Level of Presentation of PCA data in District Census Handbooks:

The format of Primary Census Abstract (PCA) adopted in the DCHB of 2001 Census has been continued for 2011 Census as the data on four categories of works have been presented similar to 2001 census. The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts in DCHB is as under:

1. District Primary Census Abstract -District/C.D. Block/Town.
2. Primary Census Abstract for Scheduled Castes- District/C.D. Block/Town.
3. Primary Census Abstract for Scheduled Tribes -District/C.D. Block/Town.
4. Village Primary Census Abstract -C.D. Block/Village wise.
5. Urban Primary Census Abstract- Town/Ward level.

The PCA Data for villages was presented C.D. Block wise for the first time in 1991 Census. This practice is continued in 2001 and 2011 Census. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

6. Area Figures:

The area figures supplied by local revenue authorities of the district in respect of tahsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the C.D. Block are the total of the village areas coming under each C.D. Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level.
